In 2006, The Perth Mint officially introduced the beautiful Oriana Gold bar, featuring a design of the goddess Oriana. She is shown kneeling, with her hair tumbling over her shoulders as she holds a bouquet of flowers. These bars were not widely distributed outside of Australia during their original run through 2010, making them seldom found around the world.

Before Don Quixote, there was Amadis of Gaul of medieval Spanish prose. Amadis embarks on multiple treacherous journeys until he can wed his childhood sweetheart, Oriana. A mortal goddess with beauty unsurpassed, Oriana drives the chivalrous Amadis to knighthood, danger, madness, and finally the Arch of True Lovers, where they are at last united in happiness.

The ethereal goddess makes a triumphant return on these masterfully crafted Gold bars. This widely anticipated re-release is a worldwide APMEXclusive® from The Perth Mint. Each bar contains 1 oz of .9999 fine Gold, adding bullion value to the classic treasured design.
