

2017 1 oz Perth Mint Gold Lunar Year of the Rooster

Lunar coins are popular around the world for their unique designs and the fact that each animal only appears once every 12 years. The Perth Mint produces beautiful, intricate Gold lunar designs that have been loved around the world since their first release in 1996.

These .9999 fine Gold coins feature a crowing rooster standing among bamboo. The design incorporates the Chinese character for "rooster" in homage to the Chinese lunar calendar this series is based on. The Perth Mint's lunar series is the world's original lunar series and each Gold lunar release is equally treasured.
