.9999 fine Gold

Paying tribute to American history, the popular 1 oz Gold Buffalo Coins feature two legendary American icons that are rich and proud in tradition: Native American chiefs and Black Diamond. This Gold coin is acclaimed for its beloved design that is based on James Earle Fraser's popular 1913 Buffalo Nickel design.

The 1 oz Gold Buffalo was the U.S. Mint's first 1 oz .9999 fine Gold coin, making it somewhat unique amongst American coinage. This perfect 70 Gold Buffalo features the APMEXclusive® Black Diamond label from PCGS, adding further collectible appeal. Starting in 2016, PCGS will report the Black Diamond label as a separate listing in the population report, and low numbers are expected.
