

# 2014 1/2 oz Silver Great White Shark

The Great White Shark, one of the most feared creatures on earth, is depicted on this magnificent Silver coin from the Perth Mint. There was a mintage of just 300,000 coins, meaning this is not often found in the marketplace.

The Perth Mint is known for their beautiful, high quality bullion and this .999 fine Silver coin stays true to standards. Each coin comes in protective plastic, while multiples of 25 come in a plastic Perth Mint tube.
