

1 oz PAMP Suisse Lady Fortuna Gold Bar – Veriscan®

This 1 oz Gold bar is the most popular product from the world's leading independent Precious Metals refiner, PAMP Suisse, which has been in operation in Switzerland for more than 35 years. The PAMP name gains even more security with new Veriscan® technology that helps ensure the bar's origin when buying on the secondary market.

PAMP Suisse's exclusive Veriscan® technology uses the metal's microscopic topography, similar to a fingerprint, to identify any registered product, aiding in the detection of counterfeits. Each bar is scanned upon production and, when scanned by the customer, is further authenticated by the Veriscan® database.
