

2015 1 oz Silver Niue Hawksbill Turtle

Niue is a small island country in the South Pacific that has become a very popular tourist spot for New Zealand and Australia. The Hawksbill Turtle, also called the Taku, is known around the island and is a great icon to represent the island nation on these Silver coins.

Since 2010, the Hawksbill Turtle series has been popular for its unique design and low mintages. Each coin features a stylized image of the turtle, swimming in shallow water amidst bubbles. Along with their sleek design, these Silver coins have a limited mintage, which further adds to their premium appreciation year after year.

HIGHLIGHTS

- Contains 1 oz of .999 fine Silver.
- Classic Hawksbill turtle image gains a sleek, simplified design.
- The Taku series has seen tremendous popularity since its first release in 2010.
