

# 2016 Canadian 1 oz Silver Cougar (Predator Series)

In 2016, the Royal Canadian Mint introduced the Predator Series as a follow-up to its popular Birds of Prey Series. Each release in this four-coin series features one of Canada's powerful predators. This first release displays the ferocious cougar, which enjoys the greatest habitat range of any wild animal in the Western hemisphere.

This exciting coin displays a powerful cougar, leaping toward its prey. Its front paw seems to break the design surrounding the coin's purity, adding more interest to the design. Each coin in the Predator Series contains 1 oz of .9999 fine Silver and has a maximum mintage of 1,000,000 coins each.
