First release of a series

Following the popularity of the Kookaburra and Koala series, The Perth Mint has introduced a new Silver Swan series celebrating the iconic bird known around the world. The mint has long used the swan as their recognizable logo, and that logo is now brought to life in Silver. This series begins with this first release featuring an elegant swan floating in rippled waters.

The uncertified version of the 2017 Silver Swan SOLD OUT worldwide in less than two days. Fortunately, a small amount of the 25,000 coin mintage was sent off for grading. These First Strike coins, direct from PCGS, are guaranteed to be in top condition. The perfect-70 certification adds to the collectible appeal of an already wildly popular new series. For a limited time, get your Silver Swan with the APMEXclusive® First Strike label to continue adding uniqueness to your Silver holdings.
