Since 1990, the Silver Australian Kookaburra has been a popular series worldwide and is the longest-running bullion series from The Perth Mint. Each year features a new design of a kookaburra, making this a perfect collectible. The kookaburra is one of the most recognizable animals of Australia, and these coins pay tribute to the beloved creature.

Typical populations of perfect 70 Silver Kookaburras from PCGS are typically less than 1,500 coins each year. However, only 553 First Strike coins have the APMEXclusive® kookaburra label. This adds very high collector appeal on top of the already popular Silver bullion coin.
