Following the widespread popularity of their Gold Kangaroo series, The Perth Mint introduced a new Silver Kangaroo bullion coin in 2016. The design incorporates a small "A" within the words "Australian Kangaroo" as a further authentication measure. This 2018 release is the third issue in this extremely popular, relatively new bullion series.

Struck from .9999 fine Silver, the Silver Australian Kangaroo will keep the same design each year, providing a higher aspect of Silver value while also appealing to collectors of world Silver coins.
