

2018 1 oz Silver Australian Kookaburra

Since 1990, the Silver Australian Kookaburra has been a popular series worldwide and is the longest-running bullion series from The Perth Mint. Each year features a new design of a kookaburra, making this a perfect collectible. However, the iconic series gains added investor appeal with .9999 fine Silver content for the first time ever in the series.

The Perth Mint was established as a branch of the Royal Mint of London in 1899, after the opening of sister mints in Sydney and Melbourne. It remained under the jurisdiction of the Royal Mint until 1970. In the mid-1980s, the Perth Mint ceased production of circulating coins. Since then, the mint has produced Proof and bullion coins including the Gold Kangaroos, Platinum Platypus and of course Silver Kookaburras.
