

Austria Gold 100 Coronas BU (Random)

The original Austrian 100 corona Gold coins were minted from 1908 to 1914. To commemorate the reign of Franz Josef I, the Austrian Mint began issuing restrikes, all bearing the 1915 date and featuring the iconic bust of the Austrian King and Hungarian Emperor.

These Gold coins are popular around the world with both investors and collectors. Investors value their high Gold content, at just under one full ounce, while collectors treasure the timeless design that pays homage to the man known as “the last great monarch of Europe.”

HIGHLIGHTS

- Popular among investors for their high Gold content.
- Feature a classic, beautiful design valued by collectors.
- Restrikes of the coin that circulated from 1908 to 1914.
